Safety Tips

Be careful out there—protect yourself and the park! Most accidents at Acadia occur while visitors are biking, hiking, exploring the shoreline, and driving. Keep these tips in mind to help ensure a safe visit to the park.

Watch your step and wear sturdy shoes. Carry a map, first aid kit, flashlight, water, and appropriate weather gear on all trips, long or short. Tell someone where you’re going and when you’ll return.

Yield to pedestrians and horses. Watch for loose gravel on road curves and hills.

Stay away from cliff edges. Watch for wet rocks and loose gravel near cliff edges and shorelines.

Drive safely, wear seat belts, and don’t drink and drive. The speed limit is 35 mph in Acadia, unless otherwise posted.

Please do not bring pets on ranger-led programs. When in Acadia, all pets must be on a leash no longer than six feet for the protection of your pet, people, and wildlife.

When tidepooling, remember to keep three points of contact with the ground, watch for waves and where you walk—it’s slippery by the sea!

Let’s Move Outside! Watch for this symbol for active programs in Acadia, encouraging kids and families to enjoy the great outdoors, be active, and stay healthy in our national parks. For more information visit: www.letsmove.gov/letsmoveoutside.php

C!250 Celebrate!250 Watch for this symbol for Celebrate!250-related Acadia activities to learn about Mount Desert Island’s first permanent settlement!

Go Green–Bus Trips Watch for this symbol for access to programs via the fare-free Island Explorer shuttle bus. The bus is free, but a park pass is required.

Accessibility Watch for this symbol for accessible interpretive programs. Assistive listening devices (ALDs) are available for use by visitors with limited hearing. For reservations of ALDs, call (207) 288-8832.
